I wager that Jeff took it on our August overflight and it was taken during the course of official business.

Reminds me of upper Koktuli, but we saw a heck of a lot of landscape that day

Subject: Bristol Bay landscape photo

Judy/Jeff:

In the version of the IGTT powerpoint that Jeff sent back last night there was a very nice landscape shot on the final slide that showed lots of pristine stream/wetland resources.

Do you know who took that photo and where it was taken? If its from the Nush or Kvi watersheds and we have rights to it, I'd like to use it.

Thoughts?
